The FAAM brand Energy Storage solution, thanks to the use of high quality materials, the structure and composition of the components, and the high level of engineering, provides excellent performance in terms of energy storage and release in every situation, condition and moment in which it is required.

It represents the real answer to the increasing demand of energy and to the need of a highly powerful battery for high starting currents ensuring safety and extreme reliability at the same time. It was built with lead, calcium and tin alloys with a ???

High quality new batteries to replace FAAM Batteries. Performance Guaranteed! 1 Year Warranty! Your Region: Call Toll Free: 1 (888) 755-7718 | FAAM Battery; FAAM Battery. UPS Battery Center manufactures high quality rechargeable replacement batteries for FAAM batteries.

Faam TTM/TTS gives you longer life compared to a standard 1500 cycle battery, thanks to its design life and lower operating temperatures. On top of this there is a potential 7% energy saving. Faam TOP gives you at least 25% longer life compared to a standard 1500 cycle battery, thanks to its design life and lower operating temperatures.

We have been present in the battery market since 1974 with customised solutions and a complete Circular Economy model. We produce both lead-acid and lithium-ion batteries, with a strong focus on research and development.

As part of Seri Industrial group, FAAM is proud to contribute to the project with Eni for the development of the lithium-iron-phosphate (LFP) battery chain. Thanks to this agreement, the new Brindisi plant will be joined by the one under construction in Caserta by FIB, a subsidiary of Seri Industrial, consolidating the role of FAAM and the
