

What is ganfeng lienergy?

Ganfeng LiEnergy is a subsidiary of Ganfeng Lithium, an A+H share listed. Our products include solid state batteries, consumer batteries, small polymer batteries, power batteries, and energy storage systems, covering more than 20 specific types under these 5 categories. The battery capacities range from mAh level to hundreds Ah level.

What is gangfeng lithium?

With Ganfeng Lithium's brand, technology, and resources, and a promising industry, Ganfeng LiEnergy is committed to solve energy problems with the most sustainable resources and the most advanced technologies, becoming a pioneer and a leader of lithium battery industry globally.

Why should you choose ganfeng lithium?

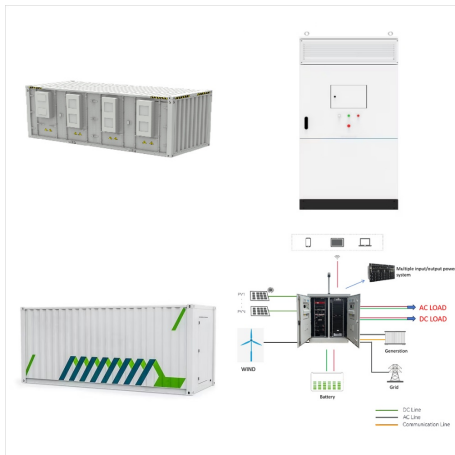

Why Choose Us? GanFeng Lithium, the second largest in the world and the first domestic supplier of lithium compounds, produces lithium battery cells by itself, owns different lithium mines in Australia, Ireland, Mexico and Argentina, recycling of used lithium iron phosphate batteries in Malaysia and Mexico.

Who is ganfeng lithium & Xiangyang?

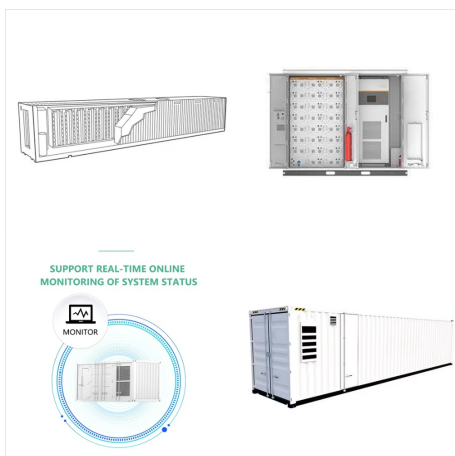

Major Chinese lithium supplier Ganfeng Lithium announced in May that its subsidiary Ganfeng LiEnergy Technology has signed an agreement with the government of Xiangyang for the development of a project related to battery manufacturing and R&D. Xiangyang is a city located in China's Hubei Province.

What is ganfenglienergy?

GanfengLiEnergy has 36000 m² factory area, two automatic production lines achieve battery system production capacity over 10000+ per month, 10GWH a year. The main power batteries, energy storage batteries, solid-state batteries, aiming to become the world's construction machinery power battery system leader!

With Ganfeng Lithium's brand, technology, and resources, and a promising industry, Ganfeng LiEnergy is committed to solve energy problems with the most sustainable resources and the most advanced technologies, becoming a pioneer and a leader of lithium battery industry globally.

As a subsidiary of Ganfeng Lithium, Ganfeng LiEnergy Technology is focused on the manufacturing of Li-ion batteries for a range of applications, including consumer batteries, small polymer batteries, NEV power batteries, energy storage batteries, and solid-state batteries.

The Board of Ganfeng Lithium Group Co., Ltd. (SZSE:002460) announced the spin off of Ganfeng LiEnergy Technology Co., Ltd on November 21, 2022. The 52nd meeting of the fifth session of the Board of Ganfeng Lithium approved the transaction.

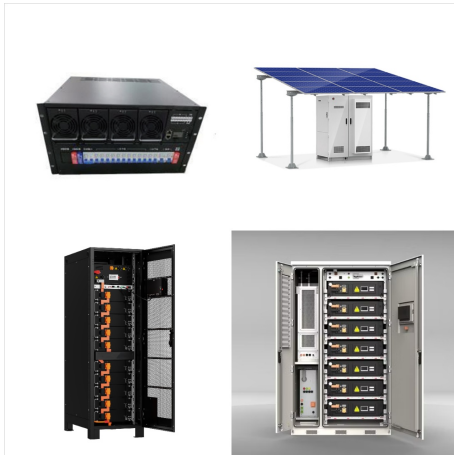

With Ganfeng Lithium's brand, technology, and resources, and a promising industry, Ganfeng LiEnergy is committed to solve energy problems with the most sustainable resources and the most advanced technologies, becoming a a?|

Ganfeng Lithium's subsidiary Ganfeng LiEnergy Technology and YiA?it Aku, Turkiye's largest manufacturer, exporter, and recycler of lead-acid batteries, will set up a joint venture in the Middle Eastern country to invest in, build, and operate a lithium battery facility, its Xinyu-based parent company announced on July 16.

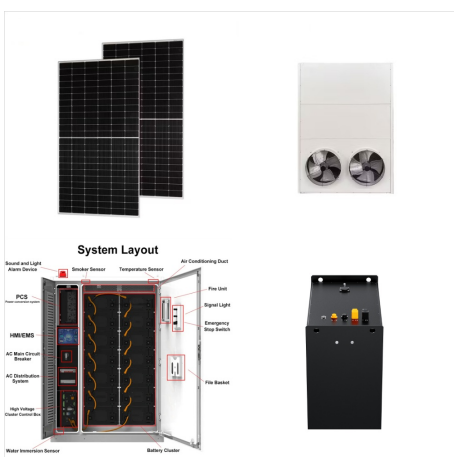

Ganfeng Lithium, China's leading lithium metal supplier, has announced plans to establish a joint venture in Turkey to build a new battery manufacturing facility. The company's subsidiary, Ganfeng LiEnergy, has a a?|

Ganfeng long-term capacity target of 600k tons LCE, representing a market share of 20%. 4 34k tons of used battery recycling capacity has been established, and 5k tons LCE has been recycled in 2021; The recycling capacity will reach 10k tons LCE in 2022, and 25k tons LCE in 2023; In the long run, 20% of Ganfeng's lithium production will come

GanFeng Lithium, the second largest in the world and the first domestic supplier of lithium compounds, produces lithium battery cells by itself, owns different lithium mines in Australia, Ireland, Mexico and Argentina, recycling of used lithium iron a?|

Ganfeng Lithium's business include upstream resource extraction, midstream lithium salt processing and Lithium metal refining, downstream lithium battery production and battery waste management, etc. Our products have been applied to electric cars, energy storage, 3C products, chemical and pharmaceutical fields, etc.

With Ganfeng Lithium's brand, technology, and resources, and a promising industry, Ganfeng LiEnergy is committed to solve energy problems with the most sustainable resources and the most advanced technologies, becoming a pioneer and a leader of lithium battery industry globally.

Ganfeng Lithium, China's leading lithium metal supplier, has announced plans to establish a joint venture in Turkey to build a new battery manufacturing facility. The company's subsidiary, Ganfeng LiEnergy, has signed a cooperation framework agreement with Turkey's Yigit Aku to expand its business in Turkey and internationally.
