

What is solar power in Tonga?

The solar PV system is part of a 1.25 MW portfolio, where power will be sold to the island's villagers through pre-paid net metering. The Asian Development Bank, with the help of other institutions, is supporting the deployment of solar on the Pacific Ocean's small island nations. Tonga has a goal of 50% renewable energy by 2020 and 70% by 2030.

How does the Tonga solar plant work?

Once operational, the solar plant will sell its electricity to Tonga's power utility, Tonga Power Limited (TLP), through a subsidized tariff, which is assessed by the ADB for each project. The island's citizens purchase the electricity through prepaid metering.

How many solar PV plants will be built in Tonga?

The overall project comprises nine individual solar PV plants that will have a cumulative capacity of 1.25 MW to be built on Tonga's remote islands. Some will feature additional storage systems, to power households, public facilities, and medical facilities.

Is Tonga ready for a solar mini-grid?

Tonga has a goal of 50% renewable energy by 2020 and 70% by 2030. Tonga's most remote island, Niuatoputapu, is all set for the development of a new solar mini grid. The King of Tonga, Tupou VI, led a groundbreaking ceremony for the solar PV array which will connect to 210 homes.

What does Sunergise's 6MW solar system mean for Tonga?

As Hu'akavameiliku, Prime Minister of Tonga said at the ceremony: "The successful completion of the Sunergise's 6MW Independent Power Producers solar generation system today, demonstrates the major role renewable energy independent power producers play towards achieving our 70% target by [the] end of [the] year 2025."

Who are Sunergise New Zealand & Tonga Power Limited?

This solar project was completed under the partnership between Sunergise New Zealand Limited and Tonga Power Limited with support from the Asian Development Bank (ADB). Sunergise led the construction and meanwhile united local Tongan civil, mechanical and electrical sub-contractors to the team.

The commissioning of the Niuatoputapu Solar Hybrid System & Mini Grid is a significant milestone for Tonga. It brings the country's total electricity accessibility to around 99%. The project will also help to reduce Tonga's reliance on imported fossil fuels, which will benefit the environment and the economy.

Maama Mai Solar. Solar | Popua, Tongatapu. The Maama Mai solar facility was commissioned in July 2012 by his Majesty King Tupou VI at Tonga Power Limited's Power Station at Popua. The project was funded by the NZ Aid Programme at a total of \$7.9 million NZD. In Tongan, Maama Mai means "Let there be Light".

This is a significant step towards Tonga's clean energy goals and improved living standards for outer island communities. The Kotu island solar PV mini-grid paves the way for a ???

We currently have a fully functioning Independent Power Producer solar system from Singyes Solar, with a capacity of 2MW. Singyes owns, generates and maintains this solar plant. Once power is generated, Tonga Power only purchases power generated by Singyes at ???

Prime Minister of Tonga today announced the official launch of the 6-MW power purchase agreement (PPA) based Tongatapu Solar Farm located at Fualu, Tongatapu, which has supplied electricity to over 10,336 households since August this year.

The community living on the remote island of Niuafu"ou, in Tonga's far north, can now access a 24-hour power supply, through a new solar mini-grid that was commissioned by Crown Prince Tupouto"a "Ulukalala on Friday, 11 October, under the Tonga Renewable Energy Project (TREP).

The community living on the remote island of Niuafo'ou, in Tonga's far north, can now access a 24-hour power supply, through a new solar mini-grid that was commissioned by Crown Prince Tupouto'a "Ulukalala on Friday, 11 October, under the Tonga Renewable Energy Project (TREP).

The Tonga Outer Island Renewable Energy Project (OIREP) will construct Solar Photovoltaic (PV) power plants on 8 outer islands. The "on-grid" portion will be allocated to Ha"apai and "Eua, while the "off-grid" portion will incorporate "Uiha, Nomuka, Ha"ano, ???

Prime Minister of Tonga today announced the official launch of the 6-MW power purchase agreement (PPA) based Tongatapu Solar Farm located at Fualu, Tongatapu, which has supplied electricity to over 10,336 ???

The community living on the remote island of Niuafu'ou, in Tonga's far north, can now access a 24-hour power supply, through a new solar mini-grid that was commissioned by Crown Prince Tupouto'a 'Ulukalala on ???

This is a significant step towards Tonga's clean energy goals and improved living standards for outer island communities. The Kotu island solar PV mini-grid paves the way for a more sustainable future, powered by the sun.
