The WECO Dual Voltage 5K3 is the most advanced
 Lithium Module for Home and Industrial Energy
 Storage systems. One product suitable for two
 applications LOW VOLTAGE and HIGH VOLTAGE
 Wall Mounted, floor mounted, ???

The weco lithium battery is expandable and allows
 you to connect up to 8 batteries in parallel without
 accessories with the internal BMS up to 36 kWh.
 The weco 4k4 lithium battery is supplied as
 standard with the accessories to be installed on the
 wall (recommended for a single unit) or stacked
 (recommended for 2 or more units) using the

WeCo 5K3-XP 5.3kwh 51.2V Lithium Battery ships packaged complete, with mounting bracket and LV cables. The DUAL VOLTAGE module can be wall mounted or stacked and used in a Low Voltage(48.5-58.4Vdc) configuration or in a High Voltage(80/200-750Vdc) configuration.

Weco Lithium batteries are designed in Italy, and combine state of the art battery and BMS technology with a smart wall-mounting enclosure which makes installation simple and straightforward. Model Our Solis Hybrid inverter (see [HERE](#)) works with most lithium batteries, including Weco and is a one-box solution that acts as;

The Weco 4K4L Battery is a lithium-ion battery with a capacity of 4.4kWh and a voltage of 48V. It comes with an LV kit included, which makes it easier to install and use. This battery is suitable for both residential and commercial use, and it can be used for various applications, such as solar energy storage, backup power, and off-grid systems.

Weco 5K3 Dual HV/LV 48v lithium battery pack has dual BMS to be used in high and low voltage. It has more than 7800 100% discharge cycles. Through its Wi-Fi accessory we can monitor via app and it supports 5G.

KWh/48V/7000 Lithium-LFP Solar-battery is a high-performance energy storage solution designed for solar applications. With a capacity of 4.95kWh and a voltage of 48V, this battery offers reliable and efficient power storage for residential and commercial solar systems. Built with Lithium Iron Phosphate (LFP) technology, it ensures long

000. - Intensit? de charge et de d?charge 1 C : La batterie au lithium Weco permet de charger et de d?charger ? 1C, donc avec une seule batterie au lithium Weco 5k3, nous pouvons charger et d?charger ? plus de 5500wh (110Ah) nominal. En seulement 1 heure, nous pouvons effectuer une charge de 90 % et nous pouvons utiliser des onduleurs de

WeCo 5.3kwh 51.2V Lithium Battery 5K3-XP comes complete, with mounting bracket and LV cables. The Stackable Module is a DUAL VOLTAGE module that can be used in a Low Voltage(48.5-58.4Vdc) configuration or in a High Voltage(80/200-750Vdc) configuration.

The new generation of WECO 07.EMA series lithium batteries are designed to provide emergency power for elevator emergency lighting, phone, and alarms bells inside the cabin. Battery Capacity Functions Data Sheet User Manual;
07.EMA.20.0606: 120mins: 0.6Ah: External Alarm:
07.EMA.31.0613: 60mins: 1.3Ah: External Alarm
Emergency Light : 07

WeCo Battery (5K3xp) Connecting photovoltaic systems to a battery system can enhance consumption of your self-generated electricity. We can design and supply a hybrid inverter and battery storage combined system which will allow for more efficient use of your solar PV system.

THE WECO 5K3-XP is the most advanced lithium battery storage for homes and industrial energy storage systems. WeCo design and produce lithium batteries equipped with the highest quality components. Ideal for solar battery storage ???

WeCo 5.3KWh/48V/7000 Lithium-LFP Solar-battery is a high-performance energy storage solution designed for solar applications. With a capacity of 5.3kWh and a voltage of 48V, this battery offers reliable and efficient power storage for residential and commercial solar systems. Built with Lithium Iron Phosphate (LFP) technology, it ensures long

100 Ah, 48 VDC, 5200 Wh, voltage range 50,5-56,0 VDC, charge current 100 A, discharge current 100 A, cycles 7000, lithium battery LiFePO₄, interface (CAN, RS232, RS485, Bluetooth, WiFi), IP20, serial/parallel. The Weco ESS is a modular, robust and durable lithium-ion energy storage unit. An integrated BMS monitors all relevant parameters and transmits data and alarms.

The Weco 5K3XP battery is a lithium battery with a capacity of 5.3 kWh and 48V. It is suitable for both residential and commercial use and can be used for various applications, such as solar energy storage, backup systems and off-grid systems. It is very easy to install and is compatible with most inverters on the market today.

LITHIUM BATTERY. Wintriss web inspection systems detect 100% of surface defects in Battery Separator Films, Foils, and Electrodes. 9010 Kenamar Drive, Suite 101, San Diego, CA 92121, United States (800) 550-7300 marketing@weco. Founded in 1989 in San Diego California, Wintriss Engineering Corporation is a global leader in surface

WEKO LOW VOLTAGE 4k4LT. Lithium Energy Storage System. Basic Parameters 4K4 LT. Battery System Maximum Capacity 4,70 kWh. Battery System Capacity 4,45 kWh: Single Module Nominal Voltage 51.2 V WeCo SRL Viale Kennedy 113-121 Scarperia Firenze Italia weco@wecobatteries Tel. +39 055 0357960.

The WeCo lithium battery is expandable and allows up to 15 batteries to be connected in parallel at 48V with the internal low voltage BMS without any accessories to make systems of up to 79.5 Wh useful. The universal WeCo 5K3 lithium battery comes standard with accessories to be installed in a wall-mounted manner (recommended for one unit only)
