Generac solar battery is one of the main components of the PWRcell system, along with PV optimizers and inverters that together make a fully integrated solar and battery storage system. In its standard configuration consisting of 1 inverter and 3 lithium batteries in a battery cabinet, it provides 9 kWh of storage capacity.

We offer these solar specific designed batteries with racking included in the price, also along with the interconnecting buss bars. Sacred Sun carbon lead composition is impervious to sulfating, a condition resulting from a battery that is chronically under-charged.
