

Is Turks and Caicos safe?

Turks and Caicos is one of the safest countries in this region of the Caribbean. The few violent crimes and robberies that do occur happen primarily on the island of Providenciales. Most other small islands see little to no crimes, especially against tourists.

What should you know about the Turks and Caicos?

The Turks and Caicos is an incredible destination and one of the leading tropical vacation spots. Our archipelago offers brilliant turquoise ocean water, a pristine marine environment, and Grace Bay Beach, the best beach in the world! Here's our list of useful things visitors to the Turks and Caicos should know before they arrive!

What factors should you consider when visiting the Turks and Caicos?

The main factors to consider when visiting the Turks and Caicos are accommodation prices, hurricanes, and for some of the islands, the presence of mosquitoes. The Turks and Caicos experiences consistent and beautiful weather year-round, barring the occasional storm. Water and air conditions are never too cold for the beach.

Is the Turks & Caicos a good place to live?

The Turks and Caicos simply doesn't get much rain, which is bad for farming yet great for beach goers. Spectacular beaches surround Providenciales and if a day is particularly windy, the sheltered side of the island will usually have a calm and inviting coast.

How much does it cost to stay in Turks and Caicos?

Turks and Caicos is expensive when compared to many other Caribbean islands. The official currency of TCI is the US dollar so expect to spend the same amount of money for most products and services that you'd spend in the United States. Hostel/budget accommodation: \$120-200 per night (There are limited budget options in TCI, especially on Provo.)

What is the history of Turks and Caicos?

Turks and Caicos has a long history that goes back hundreds of years with its native people the Lucayans

Here's all you need to know if you're visiting the Turks and Caicos Islands (TCI) for the first time. When should I go to Turks and Caicos? The prime time to visit Turks and Caicos is between December and April, when the ???

The Turks Island Passage, the deep channel that separates the Turks Islands from the Caicos Islands, tends to funnel whales close to Salt Cay. Salt Cay is an amazing destination for whales, diving, and secluded beaches, yet doesn't offer much more than that, and likely wouldn't appeal to those seeking an active vacation.

There is ample evidence that logging took place throughout the Turks and Caicos Islands, probably to meet both local and foreign demand for lumber. Exported lumber would likely have been primarily hardwoods, such as lignum vitae, mahogany, and Jesuit bark. There does, however, seem to have been interest in the very lightweight gumbo limbo, for

What is Turks and Caicos Weather Like? The islands of Turks and Caicos are lucky to have virtually idyllic weather year-round. In the summer months, between June and October, the average temperatures range between 85° and 90°F ???

The Turks and Caicos Islands (TCI) is one of the most vulnerable member states of CARICOM. An archipelago of 40 low-lying islands and cays, TCI's geographic location, and small economy make it highly susceptible to climate change impacts such as the increased frequency of hurricanes and sea-level rise (SLR).
