- Turnigy TrackStar Waterproof 1/10 Brushless Power System 3000KV/80A So I'd probably want to go faster. I drive a lot on grass so I need some torque. The 3000kv/80A combo is not sensored, which is turning me off some, but I don't know how big the low end smoothness problem is with unsensored brushless. - Turnigy TrackStar Waterproof 1/
