

PRIME ENERGY RESOURCES INTERNATIONAL PTE. LTD. Registration No. / Unique Entity Number: 202300423R issued by Accounting And Corporate Regulatory Authority PRIME ENERGY RESOURCES INTERNATIONAL PTE. LTD. (the "Company") is a Exempt Private Company Limited by Shares, incorporated in Singapore .

The local name "Enetise Tutumau" is firmly embedded in the Tuvalu's Energy Strategy with the goal to convert Tuvalu's electricity generation from 100% diesel to 100% renewable energy. This document is directly linked to "Te Kakeega II 2015", "Te Kaniva (Climate Change Policy) 2012" and the "Tuvalu National Energy Policy".

supply to all of the islands of Tuvalu. The Tuvalu National Energy Policy. The National En-ergy Policy was endorsed in 2009 with the goal of promoting the use of renewable energy resources and cost-effective, equitable, reliable, accessible, affordable, secure and environmentally sustainable energy systems

Renewable energy in Tuvalu is a growing sector of the country's energy supply. Tuvalu has committed to sourcing 100% of its electricity from renewable energy. This is considered possible because of the small size of the population of Tuvalu and its abundant solar energy resources due to its tropical location.

The Pacific Energy Group became established in
the Tuvalu Islands in 2010, thanks to the acquisition
of the BP assets. Nowadays, the Group holds a
leading position with the supplying of 85% of the
market, notably thanks to its partnership with the
territory's power plant.

Tuvalu: Many of us want an overview of how much
energy our country consumes, where it comes from,
and if we're making progress on decarbonizing our
energy mix. This page provides the data for your
chosen country across all of the key metrics on this
topic.

The current study concerning renewable energy potential and implementation in Tuvalu is at the crossroad of 2 issues, each with major strategic implications: climate change threats and worldwide oil crises. Given this context, what can renewable energy contribute to Tuvalu's benefit?

Energy Resources International Co, Ltd. was established in Taiwan in 1999 and currently has several technologies and applied for invention patents. It is equipped with nanometers CVXair, a portable dental X-ray machine with carbon tube cold cathode X-ray tube, has completed TFDA certification GMP and TFDA certification for use in clinics and

Energy Resources International Co Ltd, established in Taiwan in 1999, initially focused on the development of lighting equipment during its early stages. However, due to its keen observation of the technology industry trends, the company commenced research in the medical field in 2004, gradually increasing its emphasis in this area over the

"Aiteo is one of Africa's fastest-growing energy leaders. We have a clear vision for the future with the experience and assets necessary to provide oil and gas on a regional and global scale. We discover, produce, store and deliver energy resources, and bring timely solutions for clients worldwide." - Benedict Peters. More
