Navassa Island is an uninhabited island, less than two square miles in size, in the Caribbean Sea, between Jamaica and Haiti. Like many of these Minor Outlying Islands, it became a possession of the US as part of the Guano Islands Act, passed by US Congress in 1856, which allowed US citizens to claim any island with potential mineable deposits of bird guano, not already claimed ???

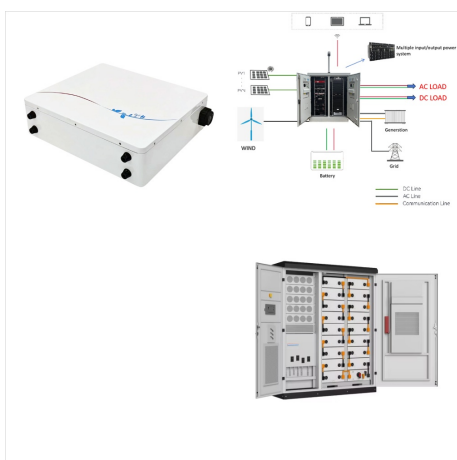

The Jewel Tea Company, Inc. building was a historic building at 511 Lake Zurich Road in Barrington, Illinois. The building was built in 1920-30 as a new headquarters for the Jewel Tea Company, which operated the Jewel supermarket chain. The building was used as the company's main offices as well as a manufacturing plant for several of Jewel's products, including coffee ???

Tucked away in the vast expanse of the Pacific and Caribbean oceans, the United States Minor Outlying Islands (USMOI) are a group of nine remote islands that remain largely unknown to the average traveler. These tiny islands, scattered across the globe, offer a unique blend of untouched natural beauty, fascinating history, and unparalleled

The United States Minor Outlying Islands are mostly uninhabited, used primarily for scientific research or as wildlife refuges, thus making it difficult to assign typical safety ratings as would be applied to cities or towns. Safety concerns are minimal due to the lack of permanent human population. What is the city with the best weather in
