The Donoe solar farm in St. Thomas, U.S Virgin Islands was originally built in 2015 but sustained significant damage during the 2017 hurricane season. In 2019, BMR Energy agreed to acquire the site of the original solar farm and closed on the purchase in 2020. 14,000 solar panels and 80 inverters. Located in St. Thomas, U.S. Virgin Islands

The US Virgin Islands enjoys a substantial presence of solar equipment suppliers. Some of their equipment includes solar panels, batteries, and inverters, to name a few. Are you searching for a dependable solar equipment supplier? The Solarfeeds family has got you covered. We offer access to some of the world's leading equipment suppliers.

This project is mainly composed of 20KW solar panels and 2 pcs 8KW Sol-ark hybrid inverters and 2 pcs51.2V/280AH/14.34KWH wall mounted lifepo4 battery. And also GSL eneineer flew to the US Virgin Islands to ensure the system is running well shows GSL dedication to providing high-quality products and services to their clients.The compatibility
