

Arlington, VA ??? A study funded by the U.S. Trade and Development Agency (USTDA) has resulted in a tripartite agreement between Nigeria's Daystar Power Group (Daystar), the Abuja Electricity Distribution ???

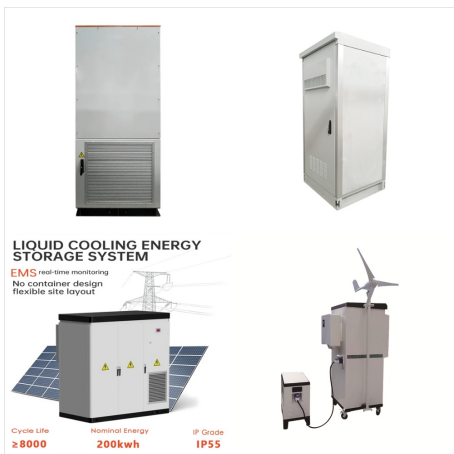

Shell Overseas International B.V. (SOI B.V.), a wholly owned subsidiary of Shell plc (Shell), has completed the acquisition of Daystar Power Group (Daystar). As a provider of integrated solar power solutions, Daystar brings reliable energy to businesses in West Africa, helping customers reduce power costs and pollution.

Daystar Power (), a West African provider of hybrid solar power solutions to commercial and industrial (C& I) businesses, today announced the completion of its acquisition by Shell following the approval of regulatory authorities. The acquisition will allow Daystar to grow its operations in the region, while expanding across

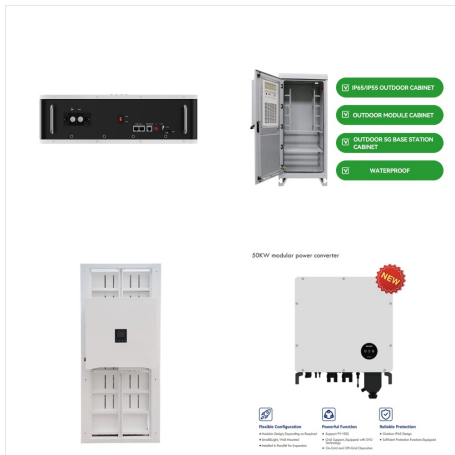

The Wood Factory will undergo a transformative energy shift with the Daystar Power and Abuja Electricity Distribution Company (AEDC) collaboration, switching from diesel generators to a hybrid solar and grid ???

Arlington, VA ??? A study funded by the U.S. Trade and Development Agency (USTDA) has resulted in a tripartite agreement between Nigeria's Daystar Power Group (Daystar), the Abuja Electricity Distribution Company (AEDC), and Nigerian company The Wood Factory to develop the country's first hybrid solar energy and grid-connected power system

Arlington, VA ??? The U.S. Trade and Development Agency announced it has awarded a grant to Nigeria's Daybreak Power Solutions Limited, a subsidiary of African renewable energy company Daystar Power Group, for a feasibility study to help optimize clean energy supply to business entities in the country. Daybreak Power Solutions selected

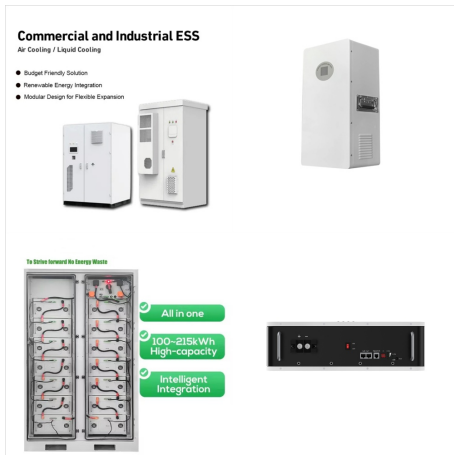

Shell plc entered into an agreement to acquire Daystar Power Energy Solution from Persistent Energy Capital AG and others on September 22, 2022. Daystar Power's co-founders and management team will

We use tier one manufacturers and equipment in all our systems that come from Europe, the United States and Asia. How long is the lifespan of the components and what are the warranties on them? Although the lifespan varies for each component, it can reach up to 25 years.

Daystar Power's co-founders and management team will continue to grow its operations in its key West African markets, while expanding its presence to other African countries in East and Southern Africa. The deal subject to regulatory approvals, to deliver carbon emission reductions and power cost savings to C& I businesses across Africa.

The Wood Factory will undergo a transformative energy shift with the Daystar Power and Abuja Electricity Distribution Company (AEDC) collaboration, switching from diesel generators to a hybrid solar and grid power system. Anticipated benefits include a 44% reduction in energy costs and a 76% annual decrease in carbon emissions. ???

In a significant move towards sustainable energy solutions, Daystar Power, a leading hybrid solar power solutions provider operating as part of the Shell Group, has entered a tripartite agreement with Abuja Electricity Distribution Company (AEDC) to deliver its inaugural hybrid solar energy and grid-connected power system for The Wood Factory

The Abuja Electricity Distribution plc (AEDC), on Thursday, signed a tripartite agreement with Daystar Power Solutions Limited (Daystar Power) and The Wood Factory Limited (Wood Factory) for the provision of the first grid-connected and solar hybrid power solution for commercial and industrial customers in Nigeria.
