

New Purpose-Built Industry Packages Transform the Speed, Accuracy, Compliance, and Ease of Doing Business for Customers. Princeton, NJ ??? October 10, 2024 (GLOBE NEWSIRE) ??? Malbek, a leading provider of contract lifecycle management (CLM), is thrilled to announce the launch of our new Malbek Vertical Power Packs featuring industry ???

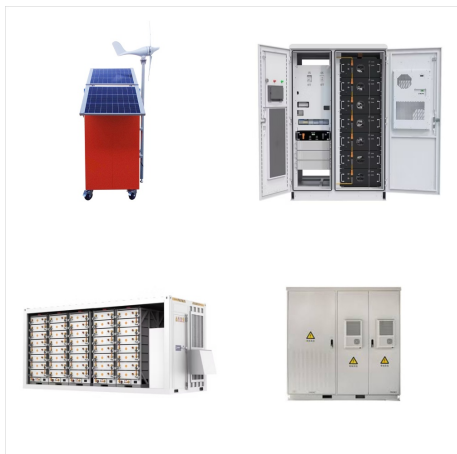

We are dedicated to providing the Power Generation & Industrial markets with the highest quality equipment and unmatched support services! Vertical Engineering Sales provides Engineered Systems, Equipment, and Services throughout the Northeastern United States. 15 Emerald Street, Suite E, Hackensack, New Jersey 07601 (201) 483-6220.

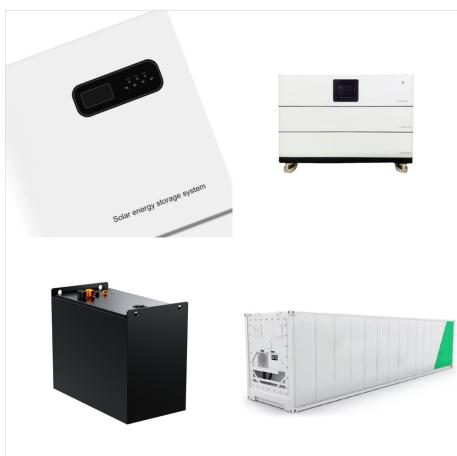

A modern vertical power/ data distribution solution without the appearance of budget engineering. Specifically, maintaining an open floor plan feel, while not having the dated visual distractions of standard power poles. The VPS Series power pole exudes open air design.

VERTICAL POWER SOLUTIONS JERSEY

The Vertical Power Primary Power System (PPS) is an entirely new approach to the master, starter, and charging circuit on your experimental aircraft or LSA. It combines the functions of multiple high-current, electro-mechanical components into a single, solid-state device that installs in minutes with plug-and-play simplicity.
