TL:DR - No, in order to be able to operate Starlink here, we need to jump through several hoops, and then pay the Falkland Islands Government ?5,400 per year simply to be "allowed" to get Starlink. Long version: Sadly, no joy. We have no visibility of what, if anything has happened.

Communications among the settlements relied on the telephone network until radio telephones were introduced in the 1950s, although the telephone network continued until 1982. The Falkland Islands Defence Force was called out to man gun positions and signalling posts around Stanley as soon as word was received of Britain's declaration of
