The original Community Energy Dashboard/Energy Atlas was published in 2016 to help towns, businesses, and individuals take action to help Vermont meet our 90% renewable by 2050 goals, and to track our collective progress along the way. The Dashboard was designed to track progress toward the Comprehensive Energy Plan, and was created prior to

In the 2020 Legislative session, (S.220) was signed
into law requiring many trade professionals to
complete a Vermont Energy Goals Education
Module. The law required the Department of Public
Service, in consultation with the Agency of Natural
Resources, to develop an educational module
describing Vermont's Energy Goals.

Vermont Energy has been my choice for new
furnace installations since 1984 -the year they
started the business. They installed our most recent
new furnace in 2017, and it's been problem free.
Marshall and Mark have always been a great
pleasure to work with, and I wanted to share our
most recent experience as an example of their
commitment to
