This kit includes two 40w-24v Solar Panels, solar charge regulator, mounting hardware and wiring. The Dual DC Boat Hoist Motor + 40w-24v Solar Charging Kit offers everything needed to quickly convert your A-drive/E-Gear boat hoist to SAFE, RELIABLE, DC POWER.

Introduction. A dual axis solar panel is a type of solar tracker. Solar trackers are used to track the sun as it moves through the sky. Solar trackers can be split into several categories based upon the type of actuation and axis of rotation. A typical dual axis solar panel can generate up to 40% more electricity than a static type, but costs perhaps 100% more and has larger maintenance ???
