battery back to full charge after it has been discharged. If electrical power to the house is lost more than once a week, consider keeping a spare, fully-charged battery to replace an exhausted battery for the back-up sump pump. Installation ??? ESP15 Installation of this unit may take several hours. Before disabling your

Replacement for my Murray MT100 riding lawnmower. Murray does not make replacement batteries and you are on your own if the battery goes bad. Bought Murray MT100 in 2023, battery went bad in 1 year and all other Murray replacement batteries are LARGER so it won"t fit. This Mighty Max Battery fit the MT100 fine and it starts it perfectly too.

Weighing only 23.00 lbs. and being a direct drop in replacement for its sister sealed lead acid and Gel batteries which weigh a hefty 50 lbs. Lighter, stronger and longer life span with 2500 cycles makes this the ideal battery for all your Deep Cycle applications such as, Solar / wind energy systems, Off Grid systems, RV, Camping, Backup power

Wayne Backup Pump Models Available. The three Wayne battery backup sump pumps that used to be available are the ESP15, the ESP25 and the ESP45. But Wayne no longer makes the ESP15 and the ESP45. But the good news is the ESP25 is still available and has been upgraded to model ESP25n.

Below are some additional resources to help fix your battery backup problems: Zoeller Basement Sentry Instructions (trouble shooting on page 12) Wayne 12v Battery Backup Sump Pump Operating Instructions (trouble shooting on page 4) Basement Watchdog Trouble Shooting Guide; Basement Watchdog Special Instruction Manual
