In October 2022, the company received a shipment of phosphate rock from occupied Western Sahara. The company used to import through long-term contracts until 2016. From December 2016 to September 2022, no shipments took place to Incitec. Upon ending its imports in 2016, Incitec never responded to questions from WSRW nor from investors whether

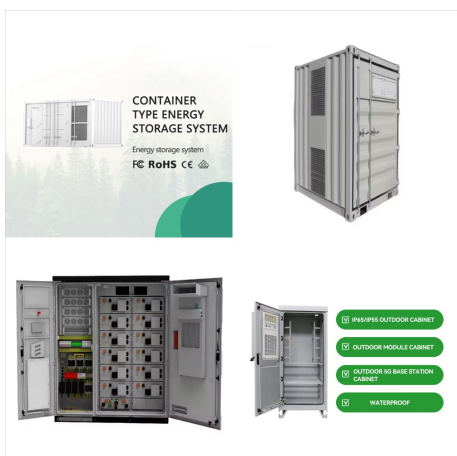

ION Services (short form: ION/IoN) is a BLUFOR faction in Arma 3. It was added with the release of the Western Sahara Creator DLC. A U.S.-based private military company, ION Services Inc. has been deployed to the Sefrou-Ramal region of Argana[1] following the outbreak of an armed rebellion by the Tura tribes.[2] Officially, their mission is to safeguard economic assets on ???

Exporting to Western Sahara can be complex due to the disputed nature of the territory. Western Sahara is claimed by both the Sahrawi Arab Democratic Republic (SADR) and Morocco. However, the majority of economic activities, including exports, are currently managed by Morocco, which controls much of the territory. As a result, exporting to Western Sahara typically follows ???

IRENA: Solar PV is the only technology on track to meet 2030 investment targets. The company recorded losses of US\$179.1 million in Q3, with revenues of US\$88.5 million, in a continually

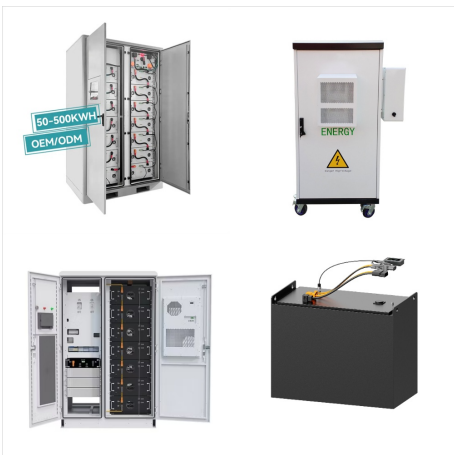

Note: Current status, IRENA analysis based on proportion of net imports of fossil fuels in TPES, 2017 values (IEA, 2019). 2050 outlook, IRENA analysis and potential based on Deng et al. (2015). very low Note: 2050 values based on IRENA analysis and historical data based on Global Carbon Atlas (2019). Energy-related CO 2 emissions per capita

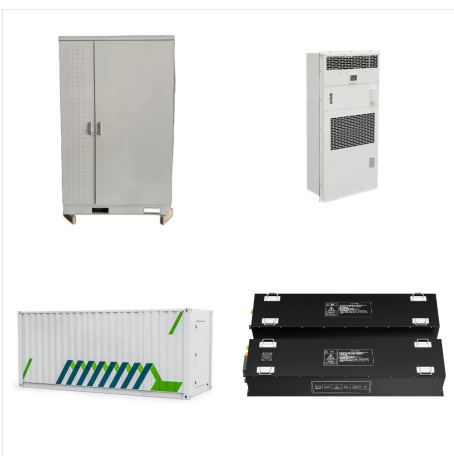

The petroleum products arriving in Western Sahara serve primarily to fuel vehicles, engines and vessels that take part in the illegal plunder of the territory, or are used for military purposes by the Moroccan army. The total quantity of oil transported into occupied Western Sahara during 2022 is estimated at 502,000 tonnes.

Continental is the second company in a space of a few months that announces its termination of servicing OCP's operations in Western Sahara. In October 2020, Swedish mining equipment company Epiroc announced that it will no longer supply the controversial Bou Craa phosphate mine in occupied Western Sahara with drilling

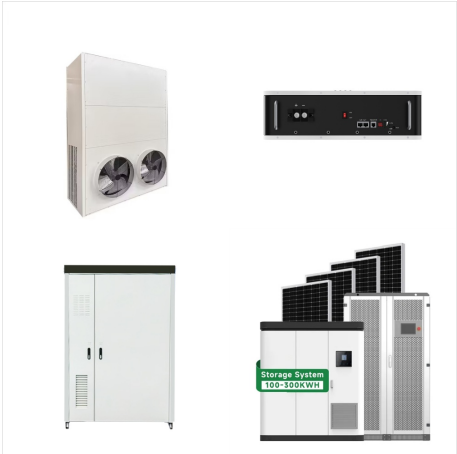

In October 1975 the ICJ opinion found that the historic links between Morocco and Mauritania and the inhabitants of the Western Sahara were not ties of sovereignty, so the population had the right to self-determination. The Green March. King Hassan moved quickly to undermine the judgment. In November 1975, his government organised a "Green

Founder/C.E.O. at Western Sahara Company ?
