

Sunrun Inc (Sunrun) is a residential solar, storage and energy services company. Its primary activities include the designs, develops, installs, finances, insures, monitors, and maintains the solar panels on homeowner's roofs.

Sunrun does not have a good company reputation and is known for being a low-quality installer throughout the solar industry. Customer reviews of Sunrun on the internet are mostly negative. Customer Service (15 points): Availability via phone and online is key for modern home service providers in any niche.

Our solar panels and all of our solar equipment is backed by factory warranties. On top of that, our monthly solar panel lease plan and prepaid solar panel plan (also known as a solar PPA) come with 24/7 proactive monitoring and free maintenance. If we detect that your rooftop solar panels or solar battery aren't performing optimally, we'll dispatch a specialist to repair your solar panels

But you are not powerless. Sunrun is helping you take control of your energy. We will support you on the path towards a brighter future that's sustainable, affordable, and reliable. The services provided to you on this site are not provided by Ford Motor Company, but rather by Sunrun, 225 Bush St #1400, San Francisco, CA, 94104, an
