

What is a windy nation 100 watt monocrystalline solar panel?

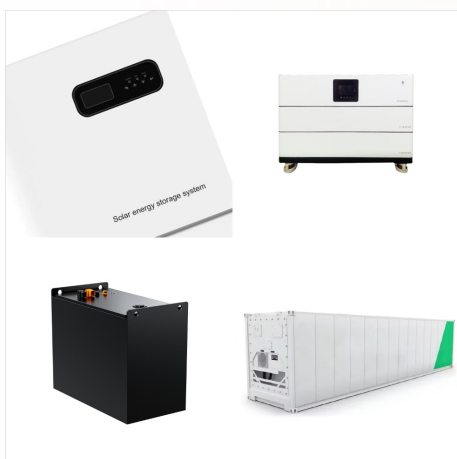

The Windy Nation 100 Watt Monocrystalline Solar Panel is a device that allows you to start producing free, clean, power from the sun. Ideal for use in RVs, boats, and cabins, or as backup power. One Windy Nation 100 Watt Solar Panel can be connected to a 12-volt battery, and multiple panels can be wired in parallel to increase charging current (amps).

What is a 100 watt solar panel kit?

WindyNation's 100-Watt P30L Solar Panel Kit with 1500-Watt Power Inverter arrives with everything you need to start producing clean, free power from the sun. The perfect option for providing off-grid power to your cabin, boat, RV, and more. Refer to the photo gallery for all the included items and additional technical information. Bundle and save.

How much power does a 100 watt solar panel generate?

The 100 watt solar panel will generate approximately 400-600 watt-hours of power per day, depending on the sun available in your region
Helpful? Q: Can additional panels be added later if I want/need to expand. A: Yes, up to three (3) additional 100 watt panels may be added
