Testing Solar Power Banks. I left solar power banks
from BioLite, Blavor, 4Patriots, and Hiluckey on my
patio for four days to see how well they charged.
None of them (except one) got past the first blue
blinking dot. Even when I propped up the solar
power banks at the same angle as some of the best
portable solar panels, it never amounted to much.

Portable solar chargers are typically designed to
fold for storage, making them easy to keep around
in a bag, seat-back pocket or emergency kit while
still providing a large enough surface area to
capture sufficient solar energy to produce electricity.
This all means a portable solar charger is an
extremely valuable addition to your emergency kit.
