

Is Loom Solar embracing 'Digital India'?

Besides its presence across 500 districts with over 3500 resellers, Loom Solar is embracing 'Digital India', with its products easily available across India and on e-commerce platforms such as Amazon, Flipkart, and

What is Loom Solar?

What is Loom Solar? A solar panel manufacturer in India, Loom Solar manufactures solar panels ranging in power from 10W to 575W. How Does It Work?

How much does a Loom Solar panel cost?

In Loom Solar panels, the range of photovoltaic modules is 40 Wp- 320 Wp with the number of cells ranging from 36 cells - 72 cells. Loom Solar is a relatively superior brand compared to its peers, with the lower pricing of solar panels starting from INR 2,400, here is the latest price list of Loom solar panels.

Does Loom Solar offer loan assistance?

To further promote the adoption of solar power solutions, Loom Solar has also introduced loan assistance on an EMI basis for its customers. Headquartered in Faridabad, Haryana, Loom Solar is one of the fastest evolving solar-technology start-up that continues to innovate in residential solar space.

How long do Loom Solar solar panels last?

Loom Solar photovoltaic solar panels are made of multi-crystalline silicon, They last for 30 years and come with 25 years on-site manufacturer warranty. In Loom Solar panels, the range of photovoltaic modules is 40 Wp- 320 Wp with the number of cells ranging from 36 cells - 72 cells.

What are Loom Solar panels made of?

Most solar panels are made using crystal solar cells. But Loom Solar panels are made of Mono-PERC solar cells, the latest type of solar cells commercially available in the market. The installation of solar panels in homes helps combat harmful greenhouse gas emissions and thus helps reduce global warming.

The Loom Solar 225-watt solar panel is made from A-grade black silicon cells and generates electricity from sunlight. High-quality silicon is used in the cells, which gives them a higher efficiency of up to 20.4% and also helps them perform better in low-light conditions.

Loom Solar introduces Shark 550 Watt - 24 volt mono perc panel that gives highest efficiency upto 20%. It is the latest technology solar panel in India that works in low light and even in cloudy weather. Buy online 545 watt mono panels with perc technology at loom solar in Rs. 13,000. promised delivery within 3 days.

Install Solar Panels for Homes - 3BHK Homes, Apartments, Villas, Independent Homes, Farmhouse, Resort to get 24x7 electricity during the power cut or to reduce electricity bill. Loom Solar provides the latest technology solar panels - SHARK 450W-550W Monofacial / Bifacial Solar Panel for your rooftop solar.

Monocrystalline or Mono PERC Solar Panels. On average, monocrystalline solar panels (the most energy-efficient option) cost Rs. 25 to Rs. 30 per watt, meaning that outfitting a 3kW solar panel system (also known as a solar system) costs between Rs. 1,80,000 to Rs. 1,90,000 for grid connected solar system and Rs. 1,00,000 to 3,00,000 for standalone solar ???

Buy 5 kw and 48 v Solar Combo for shops and office in India with remote monitoring, lithium batteries. It has inbuilt Remote monitoring, WI-FI connectivity and Powerful MPPT Controller. 5 kW solar system is runs 1 Air conditioner along with home and shop lighting load, Fans, Television, water motor and Refrigerator.

Loom Solar's latest solar system, 10 kW On Grid solar system is the complete solar system where these Mono panel are specially designed to produces more energy during dawn, dusk, and low light conditions. It can run multiple air conditioner, air cooler,fans and lights during the day for Offices & Factories. Check full specification of Loom 10 kW on-grid solar system with its ???

Buy 5 kw and 48 v Solar Combo for shops and office in India with remote monitoring, lithium batteries. It has inbuilt Remote monitoring, WI-FI connectivity and Powerful MPPT Controller. 5 kW solar system is runs 1 Air conditioner ???

Maximize your energy savings with the Loom Solar 2kW Solar Panel. Designed with 4 Shark 450W PV modules, this system provides efficient 24V energy production. Invest in a reliable and cost-effective renewable energy source. Why should you choose it? Experience the power of renewable energy with Loom Solar 2kW Solar Pan

What is a Solar Inverter? At the heart of the grid-connected system, the inverter extracts as much DC power as possible from the PV array and converts it into AC power at the right voltage and frequency for feeding into the grid or supplying domestic loads.. The inverter is the key item of equipment for converting DC electricity produced by a PV array into AC suitable for feeding ???

Loomsolar India's premium solar brand store blogs, On grid, Off grid solar system, solar panel, solar inverters, solar battery and solar charge controllers buying guides, installation, solar products pricing, customers success story, product delivery and more.

Loom Solar presents the Shark 575W * 9, 24V PV Module, a 5kW solar panel that harnesses renewable energy to power your home. With a high efficiency rate and durable design, this panel is a reliable and sustainable choice for reducing your ???

Harness the power of sun with Loom Solar's New Mono PERC, Half Cut 275 Wp PV Module. Get ready to revolutionise your energy consumption with Loom Solar's latest Get ready to elevate your solar experience with our latest innovation ??? the 275W Mono PERC PV module.

Loom Solar introduces Shark440W - 24 volt mono perc panel that gives highest efficiency upto 20%. It is the latest technology solar panel in India that works in low light and even in cloudy weather. Buy online 440 watt mono panels with perc technology at loom solar in Rs. 16,000. promised delivery within 3 days.

Loom Solar's latest solar system, 3 kW On Grid Solar System is the complete solar system where Optimized for higher outputs in low light conditions . It can run multiple air conditioner, refrigerator, television, fans and lights during the day for Big Houses. Check full specification of Loom 3 kW solarsystem with its benefits & pricing now.

Loom Solar, founded in 2018 by visionary brothers Amol and Amod Anand, has rapidly emerged as one of India's Fastest Growing Renewable Energy brands. This Faridabad, Haryana based solar company specializes in the manufacturing of cutting-edge solar panels, inverters, and lithium batteries, catering to both residential and commercial needs.

Buy solar panel, battery and inverter for home, business, agriculture, DIY projects, and more. from 10 watts -100kW from Loom Solar - India's No. 1 solar company. Choose from solar panels, inverters, lithium batteries, charge controllers to solar installation kit. We provide solar finance for rooftop solar installation

Are you planning to install inverter battery with solar panel, but you don't know inverter capacity, battery size, solar panel wattage, charge controller rating, etc. So, Loom Solar provides you an simple and easily home load calculator where as you estimate your home load.

Loom Solar's latest solar system, 5 kW On Grid Solar System is the complete solar system where Optimized for higher outputs in low light conditions . It can run multiple air conditioner, refrigerator, television, fans and lights during the day for Big Houses. Check full specification of Loom 5 kW solarsystem with its benefits & pricing now.

Buy CAML 100 Ah / 5000 watt hour lithium battery for home inverter and runs 1HP home water pump, 1.5 ton inverter ac, fans, lights, refrigerator without electricity. It is zero maintenance & long-lasting product. Lithium battery comes with safety, compact size, cost reduction, and high charging speed.

Loom Solar - Products and USP. Products ??? there are two types of solar panels in the existing market.. 1) Poly crystalline panels ??? traditional technology, lower efficiency, bigger size and every company was selling it. 2) Super High efficiency panels ??? Latest technology, higher efficiency and compact size (none of companies were focused) Loom Solar introduced Super ???

The Loom Solar 10kW Solar Panel is designed to generate 10,000 watts of energy, making it a powerful and efficient choice for your renewable energy needs. With its Shark 575W * 18, 24V PV Module, you can benefit from high performance and maximum solar absorption. Experience clean and sustainable energy with Loom Solar.

Buy 10 watt solar panel for mobile charging, run dc bulbs, outdoor camping, school projects and more at Loom Solar. Get 5 years on manufacturing warranty and 25 years performance warranty. We will deliver at your home with more safety within 3 days across India.

Buy Solar panels for home online at the best prices across India. Loom Solar provides solar panels from 10 watts to 450 watts, super high-efficiency and Bi-facial panels. it also provides solar cells across India at free of cost delivery.
