

A few weeks ago, an editorial in this space about alternative energy noted that one objection to solar farms and wind farms was that they take land out of agricultural production. It's good to report that energy companies and farmers are figuring out ways to co-exist on the same property, and that the trend is expected to grow.

Off-grid solar systems are a popular choice in Grenada, which has abundant sunshine all year round. Off-grid solar systems are not connected to the main electricity grid, so they can provide a reliable source of power even in remote ???

Having an AIMS Power inverter is crucial in Grenada because backup power systems are so imperative if living on the island.. Grenada electricity is 230 Vac 50 Hz, but power outages are not uncommon due to extreme tropical weather and electrical systems that can be unreliable. AIMS Power inverters, inverter chargers, solar panels and other electrical system accessories can ???

The 32-panel, 10 kW rooftop Solar Photovoltaic (Solar PV) system, which was handed over to the Charles Memorial Home will help offset the institution's electricity costs. Thanking Grenlec for the project, Kester Cyrus, Chairman. admin 2021-03-10T15:49:54+00:00 April 11th, 2019 | Renewable Energy | Grenada. As our nation transitions to
