

Who is xindun Power Co?

Xindun Power Co. is one of top manufacturers which specializing in R&D and sales of dc to ac pure sine wave inverter, hybrid solar inverter, three phase inverter, solar generator, solar power system, UPS power supply. Xindun was founded in 2007, head office is located in Foshan, Guangdong, China.

Who is xindun solar power inverter manufacturer?

Xindun is a hybrid solar power inverter manufacturer in China. We only supply good quality solar inverter power inverter hybrid inverter and hybrid solar inverter. We accept inverter OEM/ODM order and package.

What are xindun products?

The main products include solar inverter charger, hybrid inverter charger, power inverter charger, off grid solar power system and its related products. At present, Xindun owns a leading technical team which is more than 10 senior engineers, most of them had been engaged in the power industry for more than 10 years.

Who is xindun?

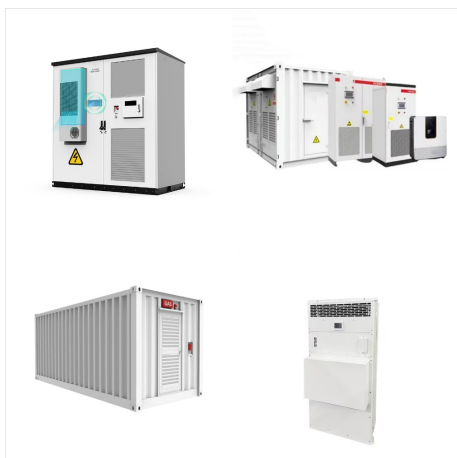

Xindun has served more than 100,000 users. Free for inverter appearance design and configuration of solar power system solutions. Free training services and assist distributors to promote inverters.

What are xindun solar charge controllers?

Xindun solar charge controllers enhance the capacity of solar panels to operate at their optimum power output voltage, improve the comprehensive solar system efficiency. Solar lithium batteries, agm batteries or gel batteries all are available for sale.

Are xindun solar panels reliable?

Xindun solar panels are reliable, cost-effective and suitable for residential and Industrial solar systems. high efficiency panels come with 25 years warranty harvesting maximum power from the sun. Our best-selling solar energy systems provide reliable and efficient power for all your off-grid needs. From powering your home or cabin to running
