

Yada Green Energy Solutions ? : YADA Green
Energy Solutions Co., Ltd. ? : ? : ? 500 ??? (10)
Allen Chen???

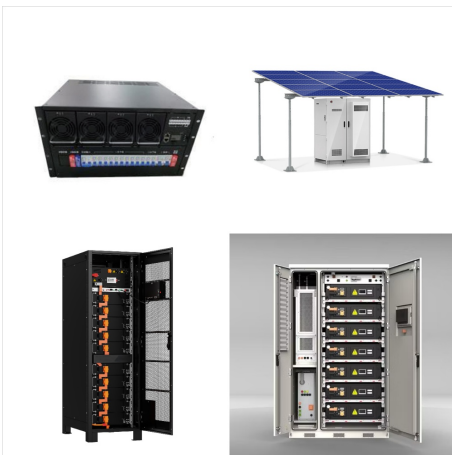

YADA has 12 product lines, from seamless steel
pipe, welded pipe, pipe fitting, flange to bracket,
prefabricated pipe, double-wall pipe, pump tower
and module, creating the only fully equipped flexible
manufacturing enterprise in China to ensure the
quality and quantity of products delivered to
customers in various industries.

With the vision of becoming the leader of green
marine pipeline equipment integration solutions, in
order to maximize customer benefits, YADA is
committed to developing upmarket equipment
manufacture industry, focusing on providing
integrated solutions for advanced ships, marine
engineering and clean energy, as well as
cost-effective modular

DUAL FUEL SUPPLY SYSTEM SOLUTION. YADA and MAN Cryo reached global strategic cooperation agreement based on dual fuel supply system for marine projects, which covers LNG, methanol, ammonia, hydrogen, etc., providing customers with the full life cycle services of basic design, detailed design, analysis & simulation, production design, manufacturing, installation ???

FULL CHAIN MANUFACTURING, SEIKO QUALITY YADA has 12 product lines, from seamless steel pipe, welded pipe, pipe fitting, flange to bracket, prefabricated pipe, double-wall pipe, pump tower and module, creating the only fully equipped flexible manufacturing enterprise in China to ensure the quality and quantity of products delivered to customers in various industries.

YADA has set up a technology research and development center, with a technical design team of more than 100 people, and establish an industry-university-research mechanism in cooperation with shipbuilding institutes, aerospace institutes, Zhejiang University, Jiangsu University of Science and Technology and other universities and research institutes.

YADA is one of the first domestic enterprises to provide gas carrier related services, and now has the ability to provide the overall solution service for gas carrier. In the service history of more than ten years, YADA had completed pump towers for large LNG powered ships and won the national first set of award.

YADA has 12 product lines, from seamless steel pipe, welded pipe, pipe fitting, flange to bracket, prefabricated pipe, double-wall pipe, pump tower and module, creating the only fully equipped flexible manufacturing enterprise in China to ensure the quality and quantity of products delivered to customers in various industries.

FULL CHAIN MANUFACTURING, SEIKO QUALITY
YADA has 12 product lines, from seamless steel pipe, welded pipe, pipe fitting, flange to bracket, prefabricated pipe, double-wall pipe, pump tower and module, creating the only fully equipped flexible manufacturing enterprise in China to ensure the quality and quantity of products delivered to customers in various industries.

With the vision of becoming the leader of green marine pipeline equipment integration solutions, in order to maximize customer benefits, YADA is committed to developing upmarket equipment manufacture industry, focusing on providing integrated solutions for advanced ships, marine engineering and clean energy, as well as cost-effective modular

YADA has 12 product lines, from seamless steel pipe, welded pipe, pipe fitting, flange to bracket, prefabricated pipe, double-wall pipe, pump tower and module, creating the only fully equipped flexible manufacturing enterprise in China to ensure the quality and quantity of products delivered to customers in various industries.

YADA actively responds to the call of the state, in various fields such as international shipping and ocean engineering, facing the direction of green and low-carbon development, actively layouts related product design and research and development focusing on LNG energy, and actively carries out technology reserve and research and development in hydrogen energy, ammonia ???

YADA can provide customers with different materials including duplex steel, austenitic stainless steel FPSO pipeline products and solutions. In order to achieve the first domestic production and delivery of key products with large-diameter, ultra-thick & high-pressure duplex steel pipes and fittings, YADA took a solid step to replace importing

YADA has 12 product lines, from seamless steel pipe, welded pipe, pipe fitting, flange to bracket, prefabricated pipe, double-wall pipe, pump tower and module, creating the only fully equipped flexible manufacturing enterprise in China to ensure the quality and quantity of products delivered to customers in various industries.

YADA can provide customers with low pressure and high pressure gas ventilation double wall pipe, positive pressure Nitrogen filed double wall pipe vacuum insulation double wall pipe and related products and solutions. At the same time, YADA takes a leading position in China in the field of double wall pipe design, product specifications, vessel

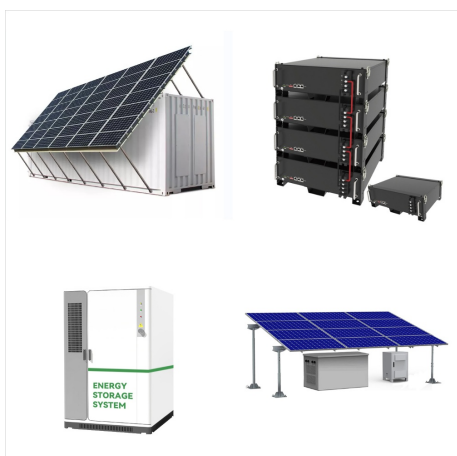

YADA has 12 product lines, from seamless steel pipe, welded pipe, pipe fitting, flange to bracket, prefabricated pipe, double-wall pipe, pump tower and module, creating the only fully equipped flexible manufacturing enterprise in China to ensure the quality and quantity of products delivered to customers in various industries.
